17 December, 2024

Registration #: N1711M
Manufacturer: Bombardier Aerospace Corp.
Part/Model number: Global 7500
Work Order No: SLC-MX794

Total AC Time: 1,076.8
Total AC Cycles: 465.0
Aircraft Serial Number: 70024
Date: 17-Dec-2024

Squawk

2.1 05-20-01-001 CAMP Task - Performed Elevate Jet Global 7500 1 Month Service Checklist. Work completed in reference with Elevate Jet Global 7500 Mainteanace Service Cheklist.

2.2 25-00-05 CAMP Task - Performed 1 Month defibrillator visual inspection. Battery PN:DBP-2013 SN:440072820 EXP. 2029-02-08, Pads PN:DOP-2001 SN:DO71524-08 EXP. 2027-01-31.Work completed in reference with Defibtech Automated External Defibillator operating guide. No Defects Noted.

2.3 26-25-00-001 CAMP Task - Performed 1 month visual inspection of cockpit portable fire extinguisher (P/N: P3HAFEXUL S/N: 013809) expires 06/2031. Work completed in reference with Bombardier Global 7500 MM Chapter 26-25-00. No defects noted.

2.4 26-25-00-002 CAMP Task - Performed 1 month visual inspection of aft wardrobe portable fire extinguisher (P/N: F-58022455) manufactured date 2019. Work completed in reference with Bombardier Global 7500 MM Chapter 26-25-00. No defects noted.

2.5 26-25-00-003 CAMP Task - Performed 1 month visual inspection of fwd bulkhead portable fire extinguisher (P/N: P3HAFEXUL S/N: 013842) Expires 06/2031. Work completed in reference with Bombardier Global 7500 MM Chapter 26-25-00. No defects noted.

I certify the airframe, engine and/or component identified herein was repaired and inspected in accordance with the current Elevate MRO Repair Manual System and the Federal Aviation Regulations under which the operator is certified, and was determined to be in an Airworthy Condition at this date and time with regards to the inspection(s) alterations and/or maintenance performed, and is approved for return to service as per those requirements. Pertinent details of the repair(s) are on file at this facility.

Michael Snyder
CRS K5SR339N
17 Dec 2024

These items identified above were repaired and/or inspected in accordance with current Federal Aviation Regulations and the repairs are approved for return to service. Pertinent details of these repairs are on file at the repair station under Work Order Number SLC-MX794.
