Keystone Aviation
DRUG AND ALCOHOL TESTING PROGRAM

In connection with any employment application to Keystone Aviation (the Company), I have received a copy of, read, and understand the Company's DRUG AND ALCOHOL TESTING PROGRAM.

In consideration of being considered for employment, I hereby acknowledge receipt of requirements pertaining to the collection and testing by Keystone Aviation or its representative of a urine sample. I understand that testing will be conducted to determine the presence of marijuana (THC), cocaine, opioids - effective January 1, 2018, to include four semi-synthetic opioids (i.e., hydrocodone, oxycodone, hydromorphone, oxymorphone), phencyclidine (PCP), and amphetamines or a metabolite of those drugs in my system, and that the presence of such drugs will disqualify me from employment. I also understand that testing will be conducted to determine the presence of alcohol in my system in accordance with 14 CFR Part 120.

I also acknowledge that, to work in a safety-sensitive position (as defined in 14 CFR Part 120), I will be subject to random, post-accident, reasonable suspicion, return-to-duty and follow-up testing, and that failure of any such test may result in termination.

Finally, I represent that I have never tested positive, or refused to test, on any pre-employment drug or alcohol test administered by an employer to which I applied for, but did not obtain, safety-sensitive transportation work covered by DOT agency drug and alcohol testing rules during the past two years.
